

COMPANY PROFILE

**JAGRUTI TECHNICAL SERVICES
PVT. LTD**

About Company

Jagruiti Technical Services Pvt. Ltd. Established in 2005. We specialize in **turnkey solutions** for Machine Installation, Process Line Commissioning, and Industrial Digitalization across various sectors.

Machine / Process Line Installation & Commissioning

- Old Machine / Plant - Relocation, Erection, Installation & Commissioning
- New Machine / Plant Erection, Installation & Commissioning
- Imported Specials Process Lines / Erection, Installation & Commissioning
- After Sales - Services for SPM / Process Line
- Process Line Engineering Design & Layout Support

- **In Digitalization We Offer -**

- Energy Management System

- **Warehouse Automation**

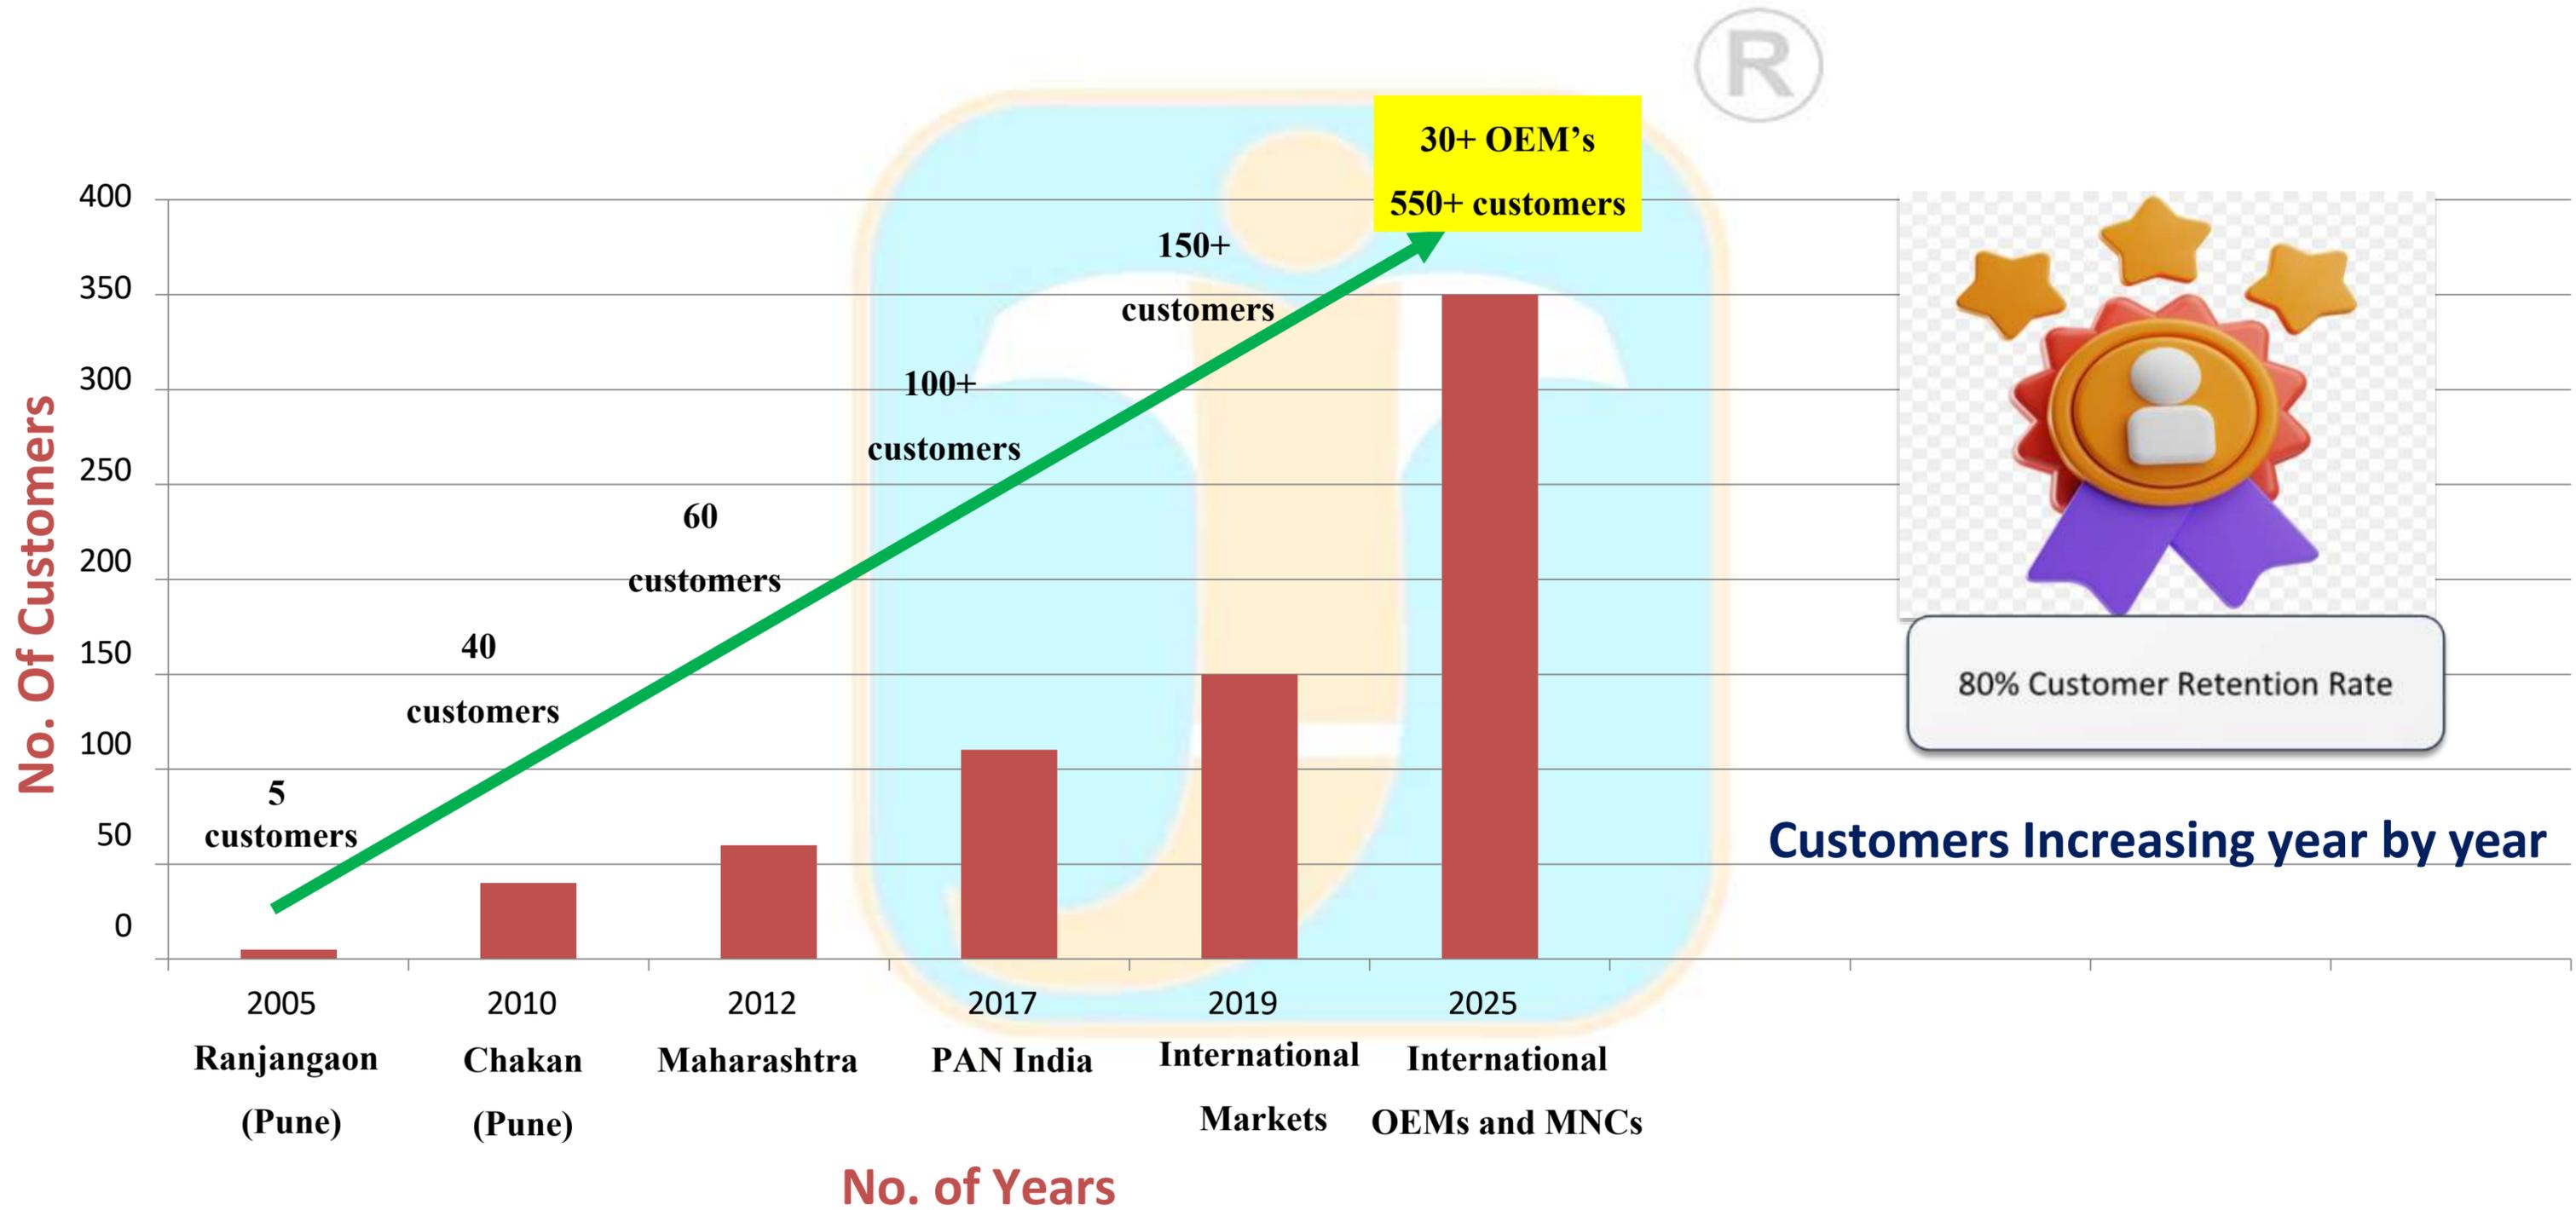

- Warehouse system supply/ASRS/AGV/AMRS
- Warehouse Automation & Retrofit
- Warehouse Relocation Turnkey Projects.

Our **True Customer Centric Approach, Self-Shouldered Responsible Ethics, Business Practices** have combined into a singular philosophy of being trusted partners who provide solutions and reduce Customer's Headaches.

Our International Collaboration

HANA GLOBAL NETWORK SYSTEMS, SOUTH KOREA.

"Our international growth journey continues as the Jagruti Technical Services Pvt. Ltd. partners with top OEMs in South Korea for Automation & SPM Manufacturing.

This expansion allows us to Integrate Advanced Technologies in Sheet Metal Forming Machines and best practices from these regions, enhancing our global capabilities and service offerings."

Our International Collaboration

KING POWER (China)

We are collaborated with KING POWER (China) in Automotive sector leading manufacturers of CRF (Cabinet Roll Forming), CF, DF process lines with Jagruiti Technical Services providing dedicated support for installation and commissioning activities in India. This partnership ensures efficient deployment and seamless start-up of advanced manufacturing systems tailored to the Indian market.

Our International Collaboration

TIANCHENG (China)

Partnered with Tiancheng (China), a global leader in paint booth manufacturing, Jagruiti Technical Services ensures smooth installation and commissioning support in India. Together, we deliver efficient, reliable and cost-effective solutions tailored to local needs. Indian market.

Our International Collaboration

FDT Qingdao Intellectual Technology Co. Ltd. (China)

We are partnered with FDT Qingdao Intellectual Technology Co. Ltd. (China) to enhance warehouse automation, combining advanced technology and logistics expertise to boost efficiency, accuracy, and scalability in our operations.

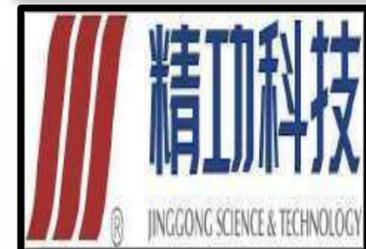

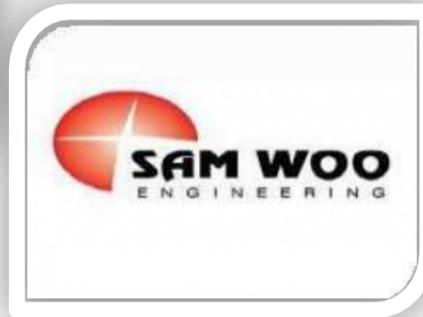

International OEM Clients

EUROPEAN

CHINESE & JAPANESE

KOREAN

And Many More...

Energy Audits & Conservations

- Energy Audits - Walkthrough & Detailed Audit
- Energy Conservation Projects With Proven ROI - EC Fan, TESS, Solar
- ESG
- Smart AHU SITC & Old AHU Modification & revamping
- Chillers

EC Fan

The evolution of AHU blowers reflects the industry's progression from traditional, maintenance-intensive systems to modern, energy-efficient solutions. Starting with belt-driven centrifugal blowers, advancements led to direct-drive plug fans and, ultimately, EC fans, which offer unmatched efficiency, precise control, and compatibility with smart building technologies, setting new standards for performance and sustainability.

Renewable Energy -Solar

Industrial solar is crucial for reducing energy costs, enhancing sustainability, and lowering carbon footprints. It provides businesses with reliable, renewable energy, boosts energy independence, and supports long-term cost savings while contributing to environmental preservation.

- Ground Mounted Solar
- Rooftop Solar

Appreciation and Customer Retention

Finally!!! Why “Jagruti” ??

- **Safety of People and Equipment-** so that no legalities increase and no unnecessary headaches to clients.
- **Timely Execution-** To meet your production plans.
- **Global Collaboration Experience-** We have global network of teams and any team support is available for mitigation of any problems.
- **Strong technical Expertise-** which is already reflected in various sectors we are working into.
- **Transparent Communication-** Business ethics of Jagruti Technical Services Management.

Note: In overseas projects, it is common practice to collaborate with local vendors to carry out specific tasks, while the main responsibility remains with the primary supplier. Similarly, we engage local vendors in China, Germany, Nigeria, and other regions to ensure compliance with local labor laws, safety standards, government regulations, and to facilitate smoother project execution. However, the overall responsibility and accountability remain solely with Jagruti.

Subject: Appreciation of Work

This is an appreciation Letter towards the efforts & result oriented work done on our site by your company. We are doing frequent projects with your Company & the following works were found to be appreciable.

1. Re-organization of Plant process layout to have LEAN process

This activity was carried to increase our over all efficiency of our process, in which we received valuable inputs and suggestion from your technical team based on their experience, which not only was fruitful and helped to reduce cost of project but also was completed in stipulated time and improved efficiency.

2. Amasound Re-processing Plant Installation & Commissioning.

The Project was to shift Machinery from our German plant and install it in India, in following project your team played important role by coordinating with German Contractors and provided all tech support like shifting, loading/unloading, providing utility to machines, etc behalf of Armacell India during installation & commissioning and completed the project in stipulated Time frame

3. New Mixer System Installation and commissioning

The project was carried out to increase the production capacity by 80% than of existing plant. In this project Technical support from your team was appreciable in all aspects like Mechanical, Electrical, Civil and Automation activities, due to which project was completed in stipulated time
We have found that during entire work activities your team persons down the level are motivated & complete the work in scheduled targets.

Thanks & Regards

HSE POLICY -

JAGRUTI TECHNICAL SERVICES PVT. LTD.

Health Safety and Environmental (HSE) Policy

'JTS Group' is committed to the goal of providing and maintaining a healthy and safe working environment, with a view to continuous improvement. This goal is only achievable by adherence to established objectives striving to exceed all obligations under applicable legislation, and by fostering an enthusiastic commitment to Occupational health safety & environment within 'JTS Group' personnel, contractors, and visitors. We also aim to take precautionary measures to protect the environment and prevent environmental pollution.

In particular:

- Management, working in cooperation with the HSE culture, will strive to take all reasonable steps to reduce workplace hazards to as low as reasonably achievable.
- Supervisors and managers are held accountable for the HSE of all employees under their supervision.
- This includes responsibility for applicable training and instruction, appropriate follow-up on reported HSE concerns, and implementation of recommended corrective action. This accountability is integrated into the performance appraisal system.
- Supervisors, workers and visitors are expected to perform their duties and responsibilities in a safe and healthful manner and are accountable for the HSE of themselves and others.
- 'JTS Group' is committed to providing all necessary training and instruction to ensure that appropriate work practices are followed on the job, and to promote their use off the job.
- If necessary, 'JTS Group' will take disciplinary action where individuals fail to work in a healthy and safe manner, or do not comply with applicable legislation or corporate policies and procedures.

Occupational Health Safety and Environment, and loss control in the workplace are everyone's responsibility 'JTS Group' expects that everyone will join in our efforts to provide a healthy and safe working environment on a continuous day to day basis. Only through the dedication and efforts of all individuals 'JTS Group' succeed in providing a healthy safe working environment.

JAGRUTI TECHNICAL SERVICES PVT. LTD.

DRIVING SAFETY POLICY AND ACKNOWLEDGEMENT AGREEMENT RECEIPT

PRECAUTIONS FOR SAFE DRIVING.

Accidents are a common phenomena, India is one of the country which has recorded highest number of road accidents during previous year. Everyone is likely face mishap while driving his vehicle on public road. The Jagruti Technical Services Pvt Ltd is committed to provide safe working conditions at their workplace and so far has taken all precautions to provide accident free working environment during working hours.

Whenever necessary, the company has provided adequate training to their employees and taken all precautions to increase awareness among their employee regarding safe working conditions. The company has also provided adequate insurance coverage. These insurance coverages have certain limitations and violations of any of these terms and conditions is likely result into rejection of claim by concerned insurance agencies.

During recent past there are few cases of road accidents and after accident investigations it has been observed that in few cases there is contributory negligence on the part of concerned employees. The company is facing certain limitations to settle such cases.

The Jagruti Technical Services has adopted ZERO ACCIDENT POLICY and has decided to obtain UNDERTAKING from every employee regarding their participation for safe working environment.

The employees are being requested to share the Company Managements concern regarding these accidents and extend their cooperation to achieve ZERO ACCIDENT GOLE.
