

## ABOUT US

**Jagruti Technical Services Pvt. Ltd.** is a trusted name in industrial transformation, delivering turnkey solutions since 2005. Headquartered in Pune, Maharashtra, we operate across India's top industrial states and have expanded globally with offices in China, Germany, and Thailand.

We specialize in end-to-end project execution — from lifting and shifting to installation and commissioning of industrial plants, machinery, and process lines. Our expertise spans factory relocation, OEM logistics, warehouse automation, and energy management, making us a one-stop partner for industrial growth.

At Jagruti Technical, we go beyond service delivery. We're pioneers automated warehousing, and process optimization. Our commitment to innovation, reliability, and complaint-free execution has earned us the trust of clients across sectors and borders.

We don't just move machines — we move industries forward.

Unit No 8, 3rd Floor, Teerth Business Centre, Sub-divided Plot EL15, MIDC Bhosari, Pune - 411026

At **Jagruti Technical Services Pvt. Ltd.**, we offer complete turnkey project solutions under one roof, ensuring single-point responsibility and direct supervision. With over 20 years of leadership experience and a highly skilled, multi-disciplinary workforce, we bring technical excellence to every project. Our team uses specialized tools for safe and efficient machinery shifting, including operations on epoxy-coated shop floors. We pride ourselves on high customer satisfaction, take full ownership of our work, and never outsource or offload responsibilities — ensuring every project is executed with professionalism, accountability, and precision.

## WHY OUR COMPANY?

- Safety of People and Equipment- so that no legalities increase and no unnecessary headaches to clients.
- Timely Execution- To meet your production plans.
- Global Collaboration Experience- We have global network of teams and any team support is available for mitigation of any problems.
- Strong technical Expertise- which is already reflected in various sectors we are working into.
- Transparent Communication- Business ethics of JTS Management.
